MAIL STOP PETITION  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

PETITION UNDER 37 CFR §1.131 REQUESTING  
CORRECTION OF THE FILING DATE

Sir:

This is a petition under 37 CFR 1.131 to correct the filing date. The status of this application is that the Notice of Allowance issued on June 30, 2004.

All of the papers issued by the Patent Office indicated that the filing date of this application is July 28, 2003. This is incorrect. The correct filing date is August 26, 2003.

Applicant filed a thirteen page request for correction of the filing date dated December 30, 2003. Attached hereto is a copy thereof.

Counsel was unable to locate the Express Mail label pertaining to filing of this application under 37 CFR 1.10. A copy of the Express Mail receipt was requested from the local U.S. Post Office in New York City from which the application was mailed. We were informed by the U.S. Post Office that such Express Mail labels are not retained for more than six months. However, the U.S. Post Office gave us a "Track & Confirm" document (enclosed herewith) which indicates the time, date and location and the name of the Patent Office employee who signed for the Express Mail receipt.

It is respectfully submitted that the enclosure establishes that the correct filing date is August 26, 2003.

It is further respectfully requested that the Patent Office check and review its own records which we are certain will confirm that the correct filing date is August 26, 2004.

In view of the above, it is respectfully requested that the Patent Office corrects its records to shown the correct filing date of August 26, 2003 and that applicant be advised that such correction has been made before the patent issues, bearing in mind that the Notice of Allowance issued on July 30, 2004 and the issue fee is required to be paid by September 30, 2004.

It is believed that there is no charge for filing this petition. However, if there is, please charge Deposit Account 10-1250.

Respectfully submitted,

JORDAN AND HAMBURG LLP

---

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
